Guidelines for Registered Suppliers

FSQS

REGISTERED

Displaying your FSQS Registered Status

The FSQS Registered Mark is valued by some of the largest purchasers in the financial sector and indicates that your organisation has gone through the process required to demonstrate its commitment and credentials to the industry.

To ensure that the use of the mark is reserved for companies who have achieved the necessary standard, we require that the mark is only used in accordance with the conditions set out in this guidelines document.

Once successfully registered, you may display the FSQS Registration Mark across a wide variety of applications, including marketing literature, advertising, websites, exhibitions, stationery, social media, and at business premises.

Terms of Use

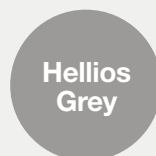

- ❖ The FSQS Registration Mark may be displayed if your company has completed Stage 1 and is not required to complete Stage 2, and once registration to the FSQS scheme has been published.
- ❖ The mark may be displayed if your company has completed both Stage 1 and Stage 2 where required, with no further clarification needed and once registration to the FSQS scheme has been published.
- ❖ You may only display the mark in connection with the organisation named on your FSQS profile.
- ❖ Your company must not display the mark in such a way that it implies that a particular service or product is certified or has been tested by FSQS, nor should the mark be used on product certificates.
- ❖ Receipt of these guidelines gives consent to display the mark.
- ❖ If registration expires, all association to the FSQS scheme must be removed from your marketing literature, advertising and website.
- ❖ If you have any questions regarding usage of the FSQS Registration Mark, please contact: enquiries@hellios.com

How to Use the FSQS Registration Mark

- ❖ The FSQS Registration Mark is available from Hellios. Always use approved artwork – never create your own version or alter the supplied artwork.
- ❖ The full colour version of the mark should be used where possible in all applications. (A)
- ❖ Where full colour is not available (for example on stationery printed in spot colours), a monotone version of the mark may be reproduced out of ONE available colour. (B)
- ❖ To ensure clarity, always retain an area of space around the mark, recommended to be no less than the height of the letter “F”. No other elements should infringe on this space. (C)
- ❖ The mark must be displayed at a discreet size, subservient to the supplier’s main branding, but no smaller than with a width of 13mm. Smaller sizes must be submitted to Hellios for approval. (D)
- ❖ For artwork, usage approval, or any further questions, please contact: enquiries@hellios.com
